Pharmacy Medication Review

Cedar Street Demo Pharmacy

Patient: Jordan Test | Fully fictional identity

Date of service: 2024-02-28

Record type: Medication | Prepared by: Pharmacist

REASON FOR CONTACT

Questions about short-term anti-inflammatory use.

OBSERVATIONS / FINDINGS

Medication profile reviewed from hypothetical patient report; stomach discomfort noted after some doses.

ASSESSMENT / INTERPRETATION

Possible medication tolerability concern; no independent diagnosis established.

PLAN / NEXT STEP

Advised discussion with prescribing clinician before changing any medication.

Fabricated names, facilities, symptoms and events for testing only.
Not clinical advice, evidence, a claim record or a real medical chart.
