Functional Capacity Summary

Harbourview Demo Rehabilitation

Patient: Jordan Test | Fully fictional identity

Date of service: 2024-09-24

Record type: Functional assessment | Prepared by: Rehabilitation clinician

REASON FOR CONTACT

Functional capacity review for hypothetical claims file.

OBSERVATIONS / FINDINGS

Simulated evaluation: can alternate basic seated and standing tasks; heavier lifting not assessed.

ASSESSMENT / INTERPRETATION

Current function appears suitable for paced light tasks; conclusions are illustrative only.

PLAN / NEXT STEP

Use findings only as demo data; do not infer formal fitness for work.

Fabricated names, facilities, symptoms and events for testing only.
Not clinical advice, evidence, a claim record or a real medical chart.
